Target Market

Product description and key attributes

The HSBC Home Smart loan is an all-in-one variable rate residential home loan with full transactional capability, designed for customers to combine their income, savings, and loan into one account. The product comes with the HSBC Home Loan Package and is bundled with a Visa Debit card.

The following table sets out the key attributes of the HSBC Home Smart loan, which HSBC has assessed as being consistent with the likely needs and objectives of customers in the target market for this product:

Customers with any one or more of the following needs and objectives	Key attributes
Require a home loan which is paid off over time with regular repayments for any one or more of the following purposes. • To purchase a residential owner occupied or investment property • To re-finance an existing residential owner occupied or investment property • To access equity in an existing residential property as security for the loan, or • To consolidate personal debt.	This loan can be used for any one or more of the listed purposes. The home loan has monthly principal and interest repayment options.
Require a variable interest rate to take advantage of potential future interest rate decreases.	This home loan has a variable interest rate that moves with the market, which means that repayments will vary based on the interest rate for the life of the loan.
Require the ability to, • reduce the interest rate payable. • waive certain fees.	Customers pay an annual fee to access Home Loan Package benefits (eligibility criteria apply): • a discounted interest rate(s), and • waiver of establishment, valuation (standard only) and settlement fees
Require the flexibility to make additional repayments to reduce the interest payable on the loan and access additional funds	Customers have the ability to salary credit, and can make unlimited additional repayments, including early payout of the loan, without additional charge. Customers can access any additional funds, that have been repaid early, by transacting from their home loan account using their linked HSBC Visa Debit card or via the HSBC Mobile Banking App

Financial Situation

The financial situation of customers in the target market for this product are customers that:

- have access to sufficient discretionary income to meet the following repayments.
 - principal amounts due
 - interest amounts due
 - applicable fees
- have at least 10%-20% deposit in savings or equity in property, or can pay Lender's Mortgage Insurance (LMI), where applicable.

Consistency with the Target Market

HSBC has assessed and determined that the HSBC Home Smart Loan and its key attributes are likely to be consistent with the needs and objectives of customers within the target market. The product is designed for customers who are seeking to borrow money to buy a residential property, re-finance an existing home loan, access equity in a residential property for an approved purpose or consolidate debts. The product offers a variable interest rate that moves with the market, which is consistent with customers who wish to take advantage of potential future interest rate decreases earlier than if the rate were fixed. The product also offers the ability to deposit a customer's salary and make unlimited additional repayments, which is consistent with customers who wish to minimise the amount of interest payable. HSBC considers that its processes in place, including credit assessment and other suitability checks carried out at the time of application, will mean that the product will likely be consistent with the financial situation of customers within the target market.

Negative Target Market

The HSBC Home Smart loan is not targeted at customers who:

- do not meet the key eligibility requirements outlined below.
 - require the certainty of fixed repayments, or the option to minimise repayments for a defined period by making interest only repayments.
 - are seeking a basic home loan without a Package facility.
 - require a construction home loan or credit for commercial purposes.
-

Key eligibility requirements

To hold this home loan customers must at the time of application be able to meet all the following:

- be aged 18 years or older.
 - be an Australian resident.
 - meet HSBC's Home Loan Package criteria upon application (*Package is not available to non-residents*).
 - meet HSBC's credit criteria, including the ability to meet ongoing repayment obligations.
-

Distribution Conditions

This HSBC Home Smart Loan and linked Visa Debit Card can only be distributed through the following channels:

- HSBC Bank Australia Limited staff-assisted channels, where all customers are directed to an HSBC Relationship or Client Manager to conduct an interview and assist with the application.
- Accredited third-party mortgage brokers.

Channel	Distribution of this product is subject to the following conditions and restrictions
Staff-assisted	Applications for this product can only be made via the HSBC origination system with an HSBC Relationship or Client Manager face-to-face in an HSBC branch or via telephone. Applications cannot be made or completed via the HSBC website, Online Banking or Mobile Banking. HSBC staff who distribute this product: • are appropriately trained to discuss the key features, eligibility requirements, loan application process, interest rates and fees associated with this product. • have access to resources and materials including up-to-date product information to be able to discuss the key differences between our home loan products. • are required to follow HSBC's procedures including in relation to assessing eligibility, suitability and affordability. This includes collecting the necessary customer information at the time of application to apply our suitability assessment checks and • are subject to supervisory oversight, continuous monitoring and customer feedback surveys. These distribution conditions and restrictions will make it more likely that the customers who acquire the product are in the target market because: • staff who are appropriately trained and have access to product information will be able to provide clear and accurate information about the product to customers, including whether they are eligible for the product. • staff will only discuss this product where it is likely to match the likely needs, objectives and financial situation of those customers within the target market, in accordance with approved conversations frameworks and • customers will not be issued this product unless they have completed the suitability assessment checks in accordance with HSBC's procedures to assess that the product is likely to be consistent with their likely needs, objectives and financial situation.
Accredited third party mortgage brokers	Third party mortgage brokers who distribute this product: • must be a representative of an HSBC authorised aggregator who is subject to comply with the relevant legal and regulatory obligations. • are accredited by HSBC. They must hold authorisations to engage in credit activities and meet HSBC's training requirements. HSBC provisions brokers access to credit lending guidelines and product support materials. • must submit applications for assessment via HSBC's forms, documents and origination system. These distribution conditions and restrictions will make it more likely that the customers who acquire the product are in the target market because: • third party mortgage brokers who meet HSBC's accreditation standards are appropriately trained to distribute this product, so that customers receive clear and accurate product information about the key attributes, eligibility requirements, interest rates and fees associated with this product. • customers will not be issued this product unless they have completed the suitability assessment checks in accordance with HSBC's procedures to assess that the product is likely to be consistent with their likely needs, objectives and financial situation.

Review Triggers

This Target Market Determination (TMD) will be reviewed if any of the below triggers occur, where they reasonably indicate that the TMD for the product is no longer appropriate:

- A significant dealing in the product to customers who are outside the Target Market, that is not consistent with the TMD.
- A trend or trends in customer outcomes that are significantly inconsistent with the intended product usage, for example:
 - customers not meeting repayment obligations by payment due dates.
- An unexpected trend or trends in complaints received from customers regarding the design or distribution of the product, for example:
 - product features (e.g. related to fees, interest, or charges).
 - distribution of product (e.g. misrepresentation of the product or sales conduct).
- A material change to the product (e.g. to its key attributes or distribution channels) or the terms and conditions of the product.
- A product intervention power order is made by ASIC in relation to the product.

Distribution Information Reporting Requirements

The following information must be provided to HSBC by all third-party distributors engaging in retail product distribution conduct in relation to this product.

Distributor	Type of Information	Reporting Period
Mortgage brokers	Complaints received in relation to this product including: • The number of complaints • Circumstances of the complaints	Quarterly within 10 business days of the quarter ending: • 31 March • 30 June • 30 September • 31 December
Mortgage brokers	Significant dealings in the product that are not consistent with the TMD, including how the significant dealing was identified, date(s) of the significant dealing(s) and steps taken (if any) in relation to the significant dealing.	As soon as practicable but, in any case, within 10 business days of becoming aware of the significant dealing
