Review Triggers

The following review triggers, which reasonably suggest that the Target Market Determination for the product is no longer applicable, apply where there is:

- significant dealing outside the target market;
- a significant number of exceptions outside the target market, for example, a significant number of exceptions in relation to the minimum age requirement or the financial hardship or financial stress requirements;
- a significant number of material complaints in relation to the product;
- a material change to the product or the terms and conditions of the product;
- a significant increase in the number of defaults within the first year of issuing the product to customers; and/or
- a significant number of customers making only minimum monthly repayments for a number of months.

Review Periods

Unless a review trigger occurs:

- **periodic reviews:**
 - next review completed by 4 October 2025
 - maximum period between reviews: 12 months
-

Distribution Information Reporting Requirements

These are not applicable as all distribution channels are proprietary channels (and not through third party channels).
