Move Money

Move money with HSBC online banking 11 May 2018

Now moving money is even easier, with our new online banking service.

From paying bills, or friends. To transferring between accounts. It's simple.

To begin just choose which of your accounts you are moving money from, then select where you want your money to go.

From your own HSBC account? Easy.

Every account is at your fingertips, as are all of your regular outgoing payments.

Setting up a new transfer or BPAY, both are easy. You can even make international transfers. Next, decide how much you want to pay, and note why you are paying it.

Is it an immediate payment, or for a future date?

Maybe it's a monthly bill, so you'd prefer fixed amounts on a day you decide.

That's all the details you need to input, now just check everything is the way you want it.

Confirm they're correct and it's done!

More enhancements, more often, with more to look forward to.
